### LAPTOPS

What if you need to use a computer—but all of the terminals on the first floor are taken? You don't want to walk to Noss...what do you do??

Check out a laptop! Available at the Reserve/Print desk on the first floor, **students** can "rent" a laptop **FREE** with your Cal Card. We have wireless Internet access throughout the building, so you can take the laptop to any floor. Here is a link to our Laptop Policy.

### CRIMINAL JUSTICE! FORENSIC SCIENCES! LAW ENFORCEMENT!

Take a look at our new resource:  
**FORENSICnetBASE/  
LawENFORCEMENTnetBASE**

This is a searchable collection of over 200 e-books in the Forensic Sciences and related fields. Use it to find latest techniques in forensic analysis, the right questions to ask an expert witness, case studies to present in the classroom, and much more!

This resource is available from these library Web pages:
